HOW RUBRIK LICENSING WORKS

Rubrik subscription licenses are offered as a 3-year subscription that includes software, hardware of your choice and support. Throughout the Rubrik subscription, you will receive access to Rubrik's new software features. All Rubrik subscription licenses can be transferred to the cloud during the term of the subscription at no additional license cost. Cloud licenses in Rubrik editions are eligible only for cloud migration use cases. Renewal prices are predictable, which means no surprises at renewal time.
