M365 Enablement Accelerator
(RA-PS-PMA)

AT A GLANCE

The Rubrik M365 Enablement Accelerator is designed to expedite the integration of Rubrik Security Cloud as well as configuration of M365 and Azure EntraID workload protection. Rubrik Professional Services will conduct a workshop to define technical requirements and understand the existing environment. The output of the M365 Enablement Accelerator will be an integrated Rubrik Security Cloud solution, enabled protection for M365 objects, enabled protection of Azure EntraID, and demonstrated recovery processes.

This service is limited in deployment activity and is intended to teach customers how to best manage and deploy M365 policies themselves.

BENEFITS

- Create and deploy a Rubrik protection strategy for M365 environment(s) as well as Azure EntraID, utilizing the expertise of Rubrik Professional Services
- Further enable Storage/Backup Administrators to configure and operate Rubrik environments
- Protect up to 100 M365 objects in 1 tenant with defined SLA policies
- Demonstrate recovery processes

ROLES AND RESPONSIBILITIES

Rubrik Professional Services

- Review and/or configuration of Rubrik
- Rubrik Security Cloud deployment and configuration
- Hands-on knowledge transfer

Customer Systems/Software Engineer

To ensure optimal delivery of services, customers are responsible for the following:

- Provide proper permissions for Rubrik Security Cloud to access customer cloud accounts
- To successfully demonstrate recovery operations, it is recommended that Customer provide 'small sized' test objects

KEY ACTIVITY AND OUTCOMES

ACTION	RESPONSIBILITY	OUTCOMES
Kickoff Planning Call • Define possible limitations and constraints • Consolidate project scope	Rubrik Professional Services, Customer relevant teams (Infrastructure, Backup, etc.)	➜ Engagement summary
Deployment of Rubrik Security Cloud Solution	Rubrik Professional Services, Customer Systems Administrator(s)	➜ Authentication with CDM (if applicable) ➜ Rubrik Security Cloud Enablement walkthrough
M365 Protection	Rubrik Professional Services, Customer Systems Administrator(s)	➜ Protected M365 and Entra ID solution for up to 100 users

EXCLUSIONS/LIMITATIONS

- Up to 100 M365 objects in 1 tenant across Rubrik supported M365 product lines
- Up to 1 Microsoft EntraID Domain protection
- Only integrate Rubrik Security Cloud features required for M365 configuration
- On-prem CDM deployment requires Rubrik Installation Services sold separately

TERMS AND CONDITIONS

Please refer to the PS Terms and Conditions for the terms and limitations of these services.

SCOPE AND PRICING

For more information about scope, pricing, and/or technical prerequisites, please contact your local Rubrik representative.

ABOUT RUBRIK PROFESSIONAL SERVICES

Rubrik Professional Services transforms possibilities into outcomes. Our portfolio of services uncovers and leverages the unique opportunities made possible by Rubrik technology. Drawing on our unparalleled product expertise and customer experiences, we collaborate with your team to identify and address technical challenges, improve operational efficiency, and maximize your investment in Rubrik.

WORK BREAKDOWN STRUCTURE

ACTION	ACTIVITIES
Kickoff Planning Call	1. Scope definition and verification 2. Gather protection requirements 3. Gather prerequisites 4. Gather possible limitations and constraints 5. Consolidate project scope and outcomes defined 6. Engagement summary
Rubrik Configuration	1. Confirmation of email setup and login 2. Authenticate with Rubrik 3. Demonstrate Rubrik Security Cloud operations and dashboards as it pertains to M365
M365 Integration	1. Sync Microsoft Entra ID directory with Rubrik (as applicable) 2. Integrate M365 with Azure AD and configure User and Sharepoint Groups to enable Mass Recovery (as applicable) 3. Configure SLA policies for both M365 and Entra ID 4. Enable protection 5. Discuss and demonstrate available recovery processes including Mass Recovery of Mailboxes**
Project Conclusion	1. Review and validate project outcomes met 2. Engagement summary 3. Project sign off
